Propulsion	2 x 800mm propellers in RICE nozzles
Service Speed	7.5kts
Bollard Pull	6t
Winch	RAPP hydraulic 5 Tonne split drum
Deck Crane	TMC BS300M5
Deck Crane Capacity	3900kg @ 6 metres 2300kg @ 10 metres 1500kg @ 14 metres
Deck Cargo Capacity	28 tonnes

Commercial Capabilities

Seaclear specialises in the laying, servicing and recovery of moorings and buoyage and is also available for commercial charter and marine contracts.

- Mooring and buoyage operations
- Marine maintenance and servicing
- Bed levelling
- Marine salvage
- Marine transportation
- Heavy deck cargo and logistics support
- Commercial marine contracts and project work

With a 28 tonne deck cargo capacity, Seaclear provides a highly capable platform for marine transportation and logistics, while her 6 tonne bollard pull and hydraulic deck crane offer additional operational flexibility for demanding marine projects.

Charter Enquiries

If you are planning a marine project and require a versatile workboat with experienced operational support, Cowes Harbour Services can discuss your vessel hire and charter requirements.

Harbour launches

Cowes Harbour Services has a variety of launches available for hire with a fully qualified coxswain. Contact msm.chc@cowes.co.uk to discuss your quote.

HM1 is a heavy duty 9m aluminium jet RIB, featuring a 4.55m² flush deck with a track system. The RIB is capable of towing and pushing small vessels, fast escort, patrol, observation, or filming operations.

HM2 is a 10m RIB with a 225hp inboard diesel engine, ideal for towing small vessels, fast escort, patrol, observation, or filming operations.

CHC *HM1* Patrol RIB

HM2 RIB

Two 21ft 'Duver', general workboats, suitable for local charter carrying out surveys, patrol work or even harbour tours.
